Bonus Accent Furniture & Decor

We are curating a list of bonus accent furniture that we will have set up for your event (if desired) in a suitable and stylish layout for yourselves and guests to enjoy.

This already includes a few comfy lounge chairs, pretty wood and metal bar stools, pillows and throws for some of our fav church pews, coffee tables, ottomans, and a stylish bench.

For many events, we envision these items to be set up off to one side of the space where you have your cocktail hour, and later evening reception/dancing time. This would be the alternate reception building from where your formal dining will take place (if applicable to your event).

We also have ample "one of a kind" decor items not listed here, that we will decorate the other areas of our venue with, should you wish. We otherwise will have these items out of the way, if you have a full decor plan created with a wedding planner/decorator!

Another bonus furniture item we are actively having made for our furniture collection is an extra outdoor moveable cocktail bar!

Cocktail Tables

Round cocktail tables. Bar height. Suitable for standing and mingling inside either reception building, or outdoors (weather permitting) during cocktail hour, and reception.

Requires floor length table linens (not included but can be rented for you, if required, in desired colour).
